Massachusetts Virtual MAP Testing Candidate Handbook

UPDATED: November 12, 2021

Introduction

This handbook describes the process of taking the Medication Administration Program (MAP) Certification test. A candidate qualifies to take the test after successful completion of an approved MAP training program. The purpose of the test is to ensure that candidates seeking to be MAP Certified staff are prepared to safely administer medications as regulated by the Massachusetts Department of Public Health.

Massachusetts has approved D&S Diversified Technologies, LLP (D&SDT) to provide tests and scoring services for MAP testing and registry services. For question not answered in this handbook please contact D&SDT toll free at (888)734-6211 or go to D&SDT's MAP webpage at:

http://hdmaster.com/testing/othertesting/massachusetts_cma/MA_CMA_Home.htm

There are three components to the MAP Certification test. Candidates must pass the three test components; knowledge, transcription and medication administration, to be listed as certified on the Massachusetts MAP registry.

The information in this handbook will help you prepare for your test.

Americans with Disabilities Act (ADA)

ADA Compliance

If you have a qualified disability or limitations that may affect your ability to take any portion of the MAP test, you may request special accommodations. Accommodations must be approved in advance of testing by D&SDT. If you wish to receive accommodations, inform your MAP trainer and complete the ADA Accommodation Request Form 1404MP available on the D&SDT website at:

http://hdmaster.com/testing/othertesting/massachusetts_cma/forms/1404MP.pdf

The Form 1404MP with the required supporting documentation must be submitted to D&SDT at least **fourteen business days** prior to your test date for the portion of the test for which you are requesting an accommodation. The documents can be submitted to D&SDT via postal mail (PO Box 418, Findlay, OH 45839), fax ((419) 422-7395) or imaged and emailed (hdmastereast@hdmaster.com).

Notify D&SDT at (888)734-6211 of the need to reschedule as soon as you become aware no less than two business days before a scheduled accommodated test.

Policy for MAP Testing Utilizing American Sign Language (ASL) Interpreters

ASL interpreters are requested through the Massachusetts Commission for the Deaf and Hard of Hearing (MCDHH).

The following guidelines are for MAP testing utilizing ASL interpreting services.

- D&SDT must submit requests for service to the MCDHH at a **minimum of two weeks before** the test date.
- Interpreter services are not guaranteed on any given test date. If D&SDT is made aware that an interpreter is not available for a requested date, the candidate will be notified as soon as possible.
- The ASL interpreter may translate into ASL instructions as given by the proctor/tester at the beginning of the testing session.
- The ASL interpreter does not need to share what communication occurs between the candidate and the ASL interpreter with either the knowledge test proctor or the MAP tester. The ASL interpreter is covered with the code of conduct rules through MCDHH.
- If the interpreter is late or does not show up for the test, the candidate can choose to take the test without the interpreter with no risk to the candidate if they get a failing score on the attempt.

Massachusetts Virtual MAP Testing Candidate Handbook

UPDATED: November 12, 2021

- If the interpreter arrives late, after the candidate has already chosen to take the test without the interpreter, the interpreter is not permitted to join the candidate after the start time listed on the job order.
 - Sign language interpreters will be given the Zoom link to connect to the same testing event as the candidate.

Additional Testing Time Granted for ASL Approved Test Candidates

Additional test time is typically granted for ASL approved test candidates.

Knowledge Test

- Thirty additional minutes for the knowledge test.
 - The candidate is allowed to have all questions interpreted, but the maximum time for testing is one hour and forty-five minutes.
 - The sign language interpreter will log into the same TMU© account so that the questions are accessible.
 - The candidate will mark their own answers in their own test.

Transcription Test

- Fifteen additional minutes for the transcription test.
 - The maximum time for transcription testing is thirty minutes (normal testing time of fifteen minutes plus fifteen additional minutes).

Medication Administration Test

- Ten additional minutes for the medication administration test.
 - The maximum time for the medication administration testing is twenty minutes (normal testing time of ten minutes plus an additional ten minutes).

MAP Registry

The Massachusetts MAP Registry contains all MAP certified staff in Massachusetts. The MAP Registry can be accessed at <https://ma.tmuniverse.com>.

Certification

Your certification is valid for a two-year period. You must re-certify within 90 days of your expiration date. If you do not re-certify within the 90-day re-certification period, your certification will lapse. You are eligible to re-certify for up to one year from when your certification expired, however, you will no longer be eligible to administer medications. For questions regarding your MAP certification status, go to the MAP webpage at:

http://hdmaster.com/testing/otheresting/massachusetts_cma/MA_CMA_Home.htm

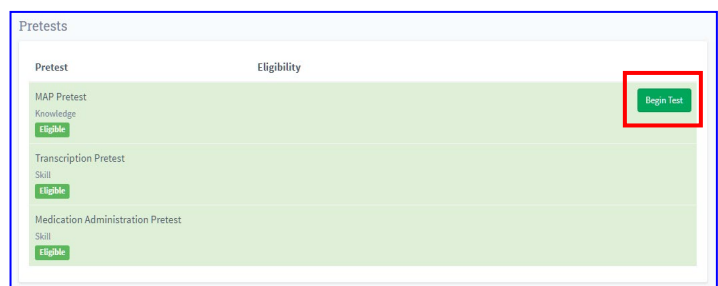

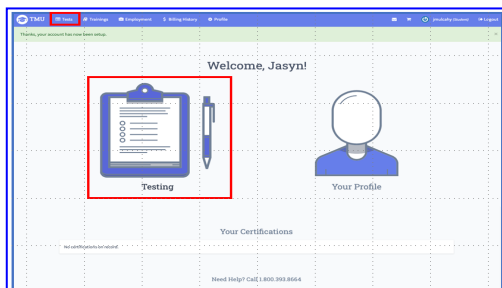

Or contact the MAP Registry staff Monday through Friday 8:00AM to 8:00PM, via phone call at (888)734-6211 or by fax at (419)422-7395.

Re-Certification Process

Re-certifications can be done through D&SDT or in-house. If a re-certification is scheduled through D&SDT, the entire re-certification process must be completed through D&SDT. Once the process begins, an in-house re-certification is not allowed. Vice versa, if an in-house re-certification is completed first, the process must be completed through the in-house re-certification.
